

**(3) Remarks**

Applicants have canceled all claims except for Claims 1-9, which are the claims from applicants' original patent, U.S. Patent 6,039,304, which stand allowed.

No drawing corrections should now be required as the request for them related wholly to claims which have now been canceled.

Accordingly, reconsideration and allowance of all claims are believed in order and are requested.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Thaddius J. Carvis", is written over a horizontal line.

Thaddius J. Carvis,
